**GENERAL NOTES**

1. This drawing emphasizes the VELUX CFP + ISD 1093 Roof Window. This presentation illustrates a basic cross section for a VELUX CFP Roof Window utilized with a VELUX ISD 1093 Top Unit Assembly installation in a 0-15 degree roof pitch application.
2. The architectural/structural design and specifications for the inclusion of a roof window, such as the VELUX CFP, in any roofing/ceiling application is determined and provided by others. The design criteria includes, but is not limited to design loads, structural configurations, structural framing member sizes and material, architectural finishes and integration with the roofing/ceiling systems of the building. VELUX recommends compliance by all designers and installers with all local and industry specific building codes and guidelines. VELUX assumes no responsibility or liability in the design, construction and performance of a building structure by others.

This drawing is an instrument of service and is provided for informational use only.
