Solar Powered, Electric, Manual and Fixed

Transforming Spaces into Favorite Places

Why VELUX?

For over 80 years, VELUX has pioneered the roof window and skylight market. Our focus has always been on creating the highest quality, most energy efficient daylight products available. Take advantage of our experience and reimagine your home in daylight with VELUX skylights.

Why skylights?

Daylight is powerful. It helps create a warm, inviting space while improving our overall well-being and decreasing our dependency on electricity. Skylights provide abundant daylight and fresh air, transforming the look and feel of an entire home. We're often asked, "Why skylights?" But with endless benefits to installing more natural light, the question should really be, "Why not skylights?"

Simple control of all VELUX skylights and shades with one remote.

The Touch remote controls both skylights and shades, featuring ventilation timing and programmable presets.

We believe it should be easier to create your perfect home environment with VELUX skylights and shades. Now, with VELUX Touch, you only need to reach for one remote to take control of every skylight and shade you install. Talk about indoor comfort right at your fingertips!

- Remote operation in room where your skylights are installed
- Operate multiple products at once
- Group skylights and shades to operate together
- Set the ventilation timer for regular automated home airing
- Lock home option to securely close all your skylights automatically
- Preset shade and skylight positions for even easier operation

Remote Comparison

VELUX Wall Switch

For customers that want basic and simple benefits, and no smartphone control.

VELUX Touch

VELUX App Control

For customers that wish for more benefits and smartphone control, without full automation of products.

VELUX ACTIVE

For customers that wish to see insight into air and temperature statistics of their home and improve it through automatic ventilation and heat control.

No Leak Promise
No Worries

Three Layers of Water Protection

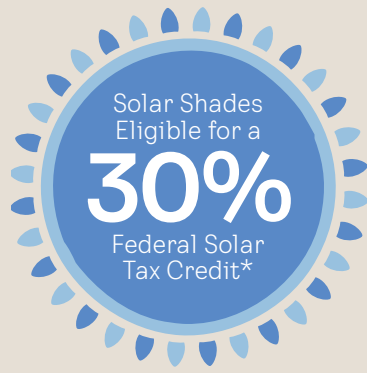

At VELUX, we've developed three layers of water protection to safeguard your house against damaging leaks. Our No Leak Skylight carries a 10-year installation warranty plus 20 years on glass, 10 years on product, and 5 years on shades and controls.

Rest easily underneath your skylight knowing that it will never let in rain or moisture.

- 1 Pre-attached deck seal** provides a tight seal for leak-proof installation.
- 2 Adhesive underlayment** provides secondary water protection in harsh weather conditions.
- 3 Engineered flashing** provides primary water protection and allows for easy installation.

Go Solar. Save Big!

When you Go Solar by purchasing VELUX solar-powered products, you are eligible for a 30% federal solar tax credit on the entire cost of products and installation. Just ask for the Go Solar option with your skylight to save big!
